When the above Govt order (Pres 20) was sent to the Financial Branch for confirmation, the notes recorded in the Subject are as follows:— Gen Fin. 292-08-1

Two more Veterinary Dispensaries have been ordered to be opened and the Financial Dept was not consulted before final orders were passed on the Rev. Comm's proposal. It is definitely laid down in G.O. 9 4-9-07 that further extension of the Scheme than what was sanctioned in it can be made only as the funds required therefor can be made permanently available". The opening of more dispensaries is an extension of the Scheme but the extension has been sanctioned before ascertaining whether the required money can be made available permanently. There is no reduction of expenditure or improvement of revenue and it is really difficult to see how additions to the existing Standard of expenditure already in excess of the annual revenue should be provided for. The opening of the dispensaries has been sanctioned & orders are

Frid Secy. (sd). M. N. K. 20/4/09.

I quite agree. I would respectfully suggest that the orders issued be kept in abeyance for the present. We have nine Veterinary dispensaries in the State & the Veterinary officers in charge move about & render help when necessary and in our present financial position we are not in a position to do more.

The Order in question is only an intermediate or tentative order. When the Subject comes up again for final disposal The Frid. Branch should be consulted before any final order is issued

2. It would certainly be preferable to consult the Frid Dept before a final decision is announced rather than Subsequently to it as a confirmation of it.

TO

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General & Revenue Departments.

SIR,

I have the honour to state that there has been a growing demand among cattle owners in all parts of the State for the services of the Assistant Veterinary Inspectors in charge of Veterinary Hospitals and Dispensaries at the several District Head Quarters. As a Single Assistant Veterinary Inspector cannot successfully cope with the increasing work in some of the larger Districts, and as a necessity is being felt for the establishment of Veterinary Dispensaries at some more important centres in the State, I beg to recommend that such Dispensaries may be sanctioned at the marginally noted places during the next official year in accordance with the scheme approved in Government Order No. 1727-37 Agri 38-05-22 dated
